

Maple Rd. Paving Project

Phase 1

Location: Between Lillie Rd. and Griggs Rd.

Phase 1 Scope of Work:

- Utility identification and locating.
- Clearing right-of-way on both sides of the road.
This involves tree/stump/brush removal.
- Grading & shoring-up road base in preparation for *pavement (*Phase 2)
- Culvert replacements.
- Installing roadway underdrains.
- Ditch digging.
- Shoulder grading and grass seeding.

Roadway surface will be 20ft. wide with ditches set back ~6ft. from road.

Phase 1 is expected to be complete by Jan. 2026

Phase 2 (paving) is expected to begin in the 2nd half of 2026
